

## Catch up Premium 2018-19

### Who are our eligible pupils?

Due to the change in assessment data available at Key Stage 2, we now use scaled scores and reading ages in order to identify those pupils in Year 7 who may need extra support in English and Mathematics.

For the academic year 2018-19, there are 25 pupils who are being monitored in English and 21 pupils who are being monitored in Mathematics. Their reading scores and prior attainment at Key Stage 2 in Reading and Mathematics is shown in the table below:

	Number of pupils
Below 99 on Reading scaled scores and reading age below actual age	25
Below 99 on Mathematics scaled score	21

The progress of these pupils will be monitored throughout the year and a report on their academic achievement will be published on our website in July 2019.
